

# Intrusion Alarm Systems

## Wired Burglar Alarm

### Bosch Solution Intrusion Alarm Panels

The Solution Intrusion Alarm Panels provide sophisticated electronic surveillance for your home or business. Incorporating the very latest in microprocessor technology, they have unsurpassed features combined with proven reliability and performance.

- 8 to 16 programmable zones
- Up to 32 programmable user codes
- Partitionable up to 4 separate areas
- Attractive and easy to use LED & LCD keypads

#### Programming and control

Programmable locally via keypads or via PC

Keypad or keyfob arming

Remote arming via the telephone

Full control via DTMF telephone (optional)

Stay and away mode arming

Auto arming

#### High Security

Sensor watch

Anti call jamming

A.C. fail and system fault indicators

Answering machine bypass

#### Alarm Reporting

Pocket pager reporting

Domestic or Voice reporting (optional) to telephone

Compatible with most communication formats

#### Solution CC408 / CC880

- CC408: 8 Programmable wired zones
- CC880: 16 Programmable wired zones
- 8 user codes (PINs)
- CC408 2 partitions, CC880 4 partitions
- 40 History buffer
- Keypad tamper alarm
- Local/remote programmable
- Even memory recall
- Remote arming/control via telephone
- System fault indication
- Telephone line fault indication
- Dynamic battery testing
- SIA, CID communication formats
- Voice reporting

Design and specifications are subject to change without notice.

#### Keypads

**CP508 / CP516**  
LED 8 or 16 zone code pad for zone activity indication

**CP508LB / CP516B**  
LED 8 zone code pad for zone activity indication

**CP105**  
Night Alarm Station

**CP500P**  
Master partitioned keypad

**CP500A**  
Area partitioned keypad

#### Motion Detectors

**DS940PT**  
Pet immune PIR motion detector 12m x 12m coverage.

**DS936**  
Ceiling mount PIR motion detector 7.5m x 360 degrees coverage at 3.6m mounting height.

**DS825iT**  
Tritech PIR/Microwave motion detector 11m x 11m coverage.

**DS9370**  
Ceiling mount PIR/microwave motion detector 21m x 360 degrees coverage at max 7.6m mounting height.

**OD850**  
Outdoor Tritech PIR/Microwave motion detector 15m x 15m coverage.

Authorized System Integrator
