

Metal Detector

Hand Held Metal Detector

PD 140

- **Magetic and non-magetic metal detection**
- **Adjustable Sensitivity**
- **Wide Control Area with detection on both sides of the detector**
- **Acoustical and visual alarm indication, proportional to the mass detected**
- **Increased battery life**
- **Optional warning when battery needs replacing**
- **ABS shock-resistant case, characterized by high mechanical strength**

Authorized System Integrator
